Top Notch is a 100% solution dyed polyester fabric (840 denier) with a fluorocarbon finish, resulting in a fabric that is breathable, reversible, water repellent and has a luxurious hand. Because the yarn is solution dyed, color fastness is exceptional. Top Notch is the ultimate fabric that combines strength, abrasion resistance, dimensional stability and UV resistance. Top Notch can be used for many outdoor applications such as marine tops, trailer covers, awnings, gazebos, canopies, patio furniture and anywhere that a reversible and breathable fabric is needed.

*Top Notch, raising the bar on solution dyed fabrics.*
